TOWN OFFICERS—1933

Clerk and Treasurer,	P. A. SMITH
Selectmen,	N. W. WHITEHILL, H. M. RICKER, C. J. BAILEY
School Directors,	MARY BECK, ADDIE RICKER, RALPH PILLSBURY
Overseer of Poor,	BERT HOOD
Road Commissioner,	CALVIN DARLING
Constable and Collector,	GEORGE RICKER

Grand List and Taxes Raised

Town Grand List,	\$ 5,833 06
Village Grand List,	2,549 99
Town Tax, \$3.00 on the dollar,	17,499 18
Flood Tax,	628 50
	<hr/>
	\$ 18,127 68
Village Tax, \$.35 on the dollar,	\$892 50

Some Important Facts

The approximate cost of running the town for the past year was as follows:

Interest paid by selectmen \$1,781.17. Interest paid by school directors \$350.00, making a total of \$2,131.17, which cost the tax payer 40 cents on the dollar of their Grand List.

The town paid the state \$1,046.61 for the maintenance of the road on U.S. Route No. 2, which meant 20 cents on the Grand List of the town. The County tax and Agricultural tax cost another 5 cents on the Grand List of the town, making a total tax of 65 cents on the dollar of the Grand List, which is fixed by law and over which the town has no control.

The winter roads cost \$1,235.51, which means 20 cents on the dollar. The bridges cost 10 cents on the dollar, and the roads cost 35 cents on the dollar. The cost of taking care of the poor was 50 cents on the dollar.

The above does not include the cost of the school nor the current expenses of the town.

Report of Selectmen

Order No.

466	Searles & Graves, services,	\$ 3 00

Report of Superintendent of Schools

Members of the School Board of Groton:

I have the pleasure to submit, herewith, my tenth annual report of the conditions existing in the schools of the town of Groton.

There are nine teachers employed by the town this year—three in the high school, four in the graded schools and two in rural schools. No changes were made in any of the teaching positions this year.

The teachers have helped to secure additional equipment by raising money. Some needed painting in the Intermediate and Grammar rooms has been made possible through the efforts of the teachers and pupils.

Teachers' salaries have been reduced again this year. The total amount of salaries this year will be \$6,950 as compared with \$8,151 last year. This is a reduction of \$1,201.

Two rural schools are being maintained this year. There have been 13 pupils enrolled in the South school—7 from Topsham and 6 from Groton. Topsham pays one-half the expense. This help with the state aid makes it possible to maintain this school at small expense.

At Westville the teacher and community have continued to raise money to be used in making needed improvements in the school. Slate blackboards have been installed. Plans are being made to complete the standardization of the school with the help of funds secured through the C. W. A. and the regular state aid.

At the village school the toilets have been painted and renovated so that they are now quite sanitary. The cost of the labor for this work was secured from the C. W. A. Some necessary repairs had to be made to the roof of the village building and the old sewer had to be dug up and replaced.

The P. T. A. has been quite active and has secured a drinking fountain for the school. This organization is also financing the work of a music teacher.

The per cent of attendance for the Fall term is 93.5. Some of the best records are Second Primary 96.7, South 96 and High school 95.3.

The school children have not been given a physical examination for several years. Some children appear undernourished and some are probably not receiving all the medical attention that they should have. An effort is being made to secure the services of a nurse, without any cost to the town, in order to check up on conditions.

An effort is being made, by means of intelligence and standard achievement tests, to find out what each pupil is capable of doing and also at what grade level each one is actually working. The results of these achievement tests are available to parents. As there are many reasons for failure teachers should not be asked to assume all responsibility. Some of the reasons are: Low mentality, poor physical condition, faulty methods of study, indifference or hostility to school which is often a symptom of other bad conditions rather than a cause of failure, poor foundation in fundamental subjects, too much non school work required of pupils at home or outside of school, too little rest because of too many outside activities, bad home conditions. The key to the whole problem of school failure is a careful study of the individual in an honest effort to understand the cause of the trouble.

There were 83 pupils enrolled in the high school for the Fall term. Of this number 32 are tuition pupils—22 from Ryegate, 9 from Topsham, 1 from Newbury, 1 from Marshfield and 1 from Ryegate pays his own tuition for a post graduate course. Each high school teacher is carrying a heavier load than should be carried. This is being done largely to provide for individual pupil needs and to give everyone something that he can do. Typing, bookkeeping, economics, business law and junior office practice are being given in addition to all college preparatory subjects.

High school teachers' salaries were reduced a total of \$335 this year. The total amount of high school salaries this year will be \$3,160. The amount received from tuition and state aid on resident pupils should be \$3,220. This more than pays the salaries of the teachers.

There are at present 51 Groton pupils. The net cost of paying tuition for these would be \$55 per pupil or a total of \$2,805. The pupils buy their own books and supplies.

The town receives twenty dollars rebate from the state on each resident high school pupil. The town is rebated three dollars per week on one rural teacher and three and one-half dollars on the other. The state pays two-thirds of the cost of transportation of each pupil but not to exceed twenty dollars on each pupil. The rebate on supervision depends on the number of teachers in town and in the district. The

cost to the town of supervision for this school year will be approximately \$175.

The amount paid for supervision has been reduced both by the state and the town. This reduction in salary along with the reduction in teachers' salaries will not show up fully in the report for this year as half of last year's salaries are included in the totals.

There were 212 pupils enrolled for the Fall term. Of this number 38 are residents of other towns and 174 are residents of Groton. This is two more Groton pupils than were enrolled last year at the same time. The enrollment by schools: High school 83, Westville 30, Primary 24, Intermediate 22, Grammar 21, Second Primary 19, South 13.

The legislature made some changes in the school laws. The state now pays rebates for transportation at distances of not less than two miles. The distance has been one and one-half miles. The school board must pay a rural school teacher ten dollars per week, plus the rebate to which her certificate entitles her, in order to be reimbursed by the state on this account. Newly elected school directors shall take office on the day of election and shall continue until a successor is elected and qualified. The right to appeal to the commissioner of education on transportation matters is repealed. The school directors settle their own transportation matters.

Parents occasionally refuse to sign report cards. Signing the card does not mean that the parent approves the grade given. It simply is evidence that the parent has inspected the report. If the report is not satisfactory the parent should sign it and consult the teacher.

Teachers are sometimes criticised for sending pupils home when they know or suspect them to be afflicted with lice or vermin or any communicable disease of any description. The teachers are only complying with the school regulations, relating to communicable diseases, of the Vermont State Board of Health.

Some good work in Bible instruction is being done and the importance of good character and good citizenship is being stressed in the schools.

Some parents do not fully understand some of the school laws. A child who is not six years of age on or before the first day of January of any school year is not a legal pupil. Pupils who become sixteen years of age during the school year and wish to withdraw must complete the term in which they are enrolled. If a pupil's attendance is very irregular due to poor health or if a parent wishes to withdraw a

child from school because of his physical condition, the parent must secure a statement or certificate from a doctor and present it to the teacher or superintendent. A pupil who is continually tardy without excuse may be reported to the truant officer.

In conclusion I wish to thank parents, teachers and directors for their co-operation with me and for the support they have given the schools.

Respectfully submitted,

J. STEWART GARVIN, Supt. of Schools.

Report of Overseer of Poor

Warning for Town Meeting

The inhabitants of the Town of Groton, who are legal voters in town meeting, are hereby notified and warned to meet at Morrison hall in Groton Village, Tuesday, March 6, at 10 o'clock in the forenoon to act on the following articles, to-wit:

- 1 To choose a Moderator for the year ensuing.
- 2 To elect a Town Clerk for one year.
- 3 To vote to accept the Town Report for the year ending February 1, 1934.
- 4 To elect the following town officers:
 - One Lister to serve for three years.
 - One Selectman to serve for three years.
 - One Road Commissioner to serve for one year.
 - One Overseer of the Poor to serve for one year.
 - A Collector of Taxes to serve for one year.
 - A Trustee of Public Money to serve for one year.
 - A Town Treasurer to serve for one year.
 - One Auditor to serve for three years.
 - A First Constable, and if deemed necessary a Second Constable, to serve for one year.
 - One School Director to serve for three years.
 - An Agent to defend suits against the town.
 - One or more Library Trustees.
 - One or more Town Grand Jurors.
- 5 To see if the Town will vote the sum of \$25.00 to the Boys' Band to paint the band stand.
- 6 To vote to raise money to pay current expenses of the Town and any portion of the debt.
- 7 To vote to apportion the tax raised among the different departments of the town.
- 8 Shall licenses be granted for the sale of malt and fermented beverages?
- 9 Will the town vote to collect taxes on Real and Personal property in installments as provided by No. 21 of the Acts of 1933?
- 10 Will the town vote to fix the date for the payment of Poll and Flood taxes?
- 11 To transact any other business proper to come before said meeting.

Dated at Groton this 16th day of February, A. D. 1934.

N. W. WHITEHILL,	} Selectmen
H. M. RICKER,	
C. J. BAILEY,	

Report on C. W. A. Work

There are three Projects being worked. No. 304 on the road known as the Hatch Brook Road. This road has been widened and some surface put on.

Project No. 304S on the Ricker Road. This road has been widened and surface put on.

Project No. 304A. School house project work has been done on the Village school and the Westville school and we hope to be able to complete these projects.

There have been 43 men employed on these projects, giving work to men who most needed work.

The amount expended on each project is as follows:

Project No. 304	\$1,420 25
Project No. 304S	2,114 80
Project No. 304A	230 40
Total,	<hr/> \$3,765 45

We expect this work will continue for a time yet which will be a great help to the town and those needing employment.
